## Your Skodovia Checklist

- Visit the Obsidian Wombat tavern. Have a drink. Have two. Maybe three.
- Scare away a wombat. Please. REALLY. They're taking over from the rats. We like the rats. Much tastier...
- Have a run-in with the evil, thieving Mechanical Dingo #5.
- Visit Bob the Baker. Try not to become an organ donor.
- Read a letter from Cue Righter.
- Figure out where Mechanical Dingo #5 keeps its ill-gotten booty.
- Find an interesting four-digit code.
- Have a chat with Mike the Blacksmith.
- Visit our brothel... er... uh... the "Home for Wayward Girls"
- Activate Semi-Humanoid Automaton #256. It's WAY better than Mechanical Dingo #5. So much better. Seriously...
